PRIVACY POLICY

1. About This Policy

This is the privacy policy of REKKI Limited (“REKKI” “we”, “us” and “our”) and forms part of our <[Buyer Licence Agreement](#)> for use of the REKKI Buyer App; and our <[REKKI Supplier Service Terms](#)> for use of the Supplier App and REKKI Marketplace by you as a Buyer or Supplier, as the case may be, (together, the "**App**"). Unless they are defined where they first appear in this policy, terms beginning with a capital letter in this Privacy Policy have the meanings in the Buyer Licence Agreement or REKKI Supplier Service Terms (as the case may be (together referred to as “**REKKI Service Terms**”). Our full details are stated in Clause 1 of Buyer Licence Agreement and REKKI Supplier Service Terms.

It is necessary for you to agree to the Buyer Licence Agreement or REKKI Supplier Service Terms (as the case may be), including the Privacy Policy, and for us to collect, process, share and store the personal data as described in order for us to be able to transact and communicate with you, and interact with you via the App. REKKI is registered with the Information Commissioner’s Office (“**ICO**”) and our registration number is ZA218912.

This Privacy Policy describes what types of personal data are collected, the purposes for which they are collected and processed, the legal basis for that collection and processing and the organisations or types of organisations, if any, to which we may provide your personal data in connection with your access to and use of the App and your rights and how to contact us if you need to.

Our contact details are set out at the end of this policy.

Our App is not intended for children under 18 years of age. No one under age 18 may provide any information to or on the App. We do not knowingly collect personal information from children under 18. If you are under 18, do not use or provide any information on this App or through any of its features. If we learn we have collected or received personal information from a child under 18 without verification of parental consent, we will delete that information. If you believe we might have any information from or about a child under 16, please contact us.

We are the controller in relation to the personal data processed in accordance with this policy under the Data Protection Act 2018 (the “**Act**”), except where this policy or another organisation’s privacy policy explains that we are acting as a processor.

The App may from time to time contain links to and from the websites of partner networks, advertisers and affiliates. If you follow a link to any of these websites, please note that these websites have their own privacy policies and we do not accept any responsibility or liability for those policies. Please check those policies and any relevant service terms and conditions before you submit any personal data to those websites. We are not responsible for the content of any other websites or services.

2. Information we collect about you

We may collect, store and use the personal data described in the table in Annex A to this Privacy Policy, and process it for the purposes and on the legal basis specified in that table. Most commonly we will use your personal data in the following circumstances, as explained further in Clause 5 of this Privacy Policy:

- Where we need to perform an obligation under a contract with you, such as the Buyer Licence Agreement or REKKI Supplier Service Terms (as the case may be), or take steps at your request before agreeing a contract with you;
- Where it is necessary for our legitimate interests (or those of a third party) and your interests and fundamental rights that require the protection of personal data do not override those interests;
- Where we need to comply with a legal or regulatory obligation; and
- Where you have consented before the processing.

Personal data will be stored in accordance with Clause 5 of this Privacy Policy.

We aim to keep your personal information up-to-date, so you must promptly tell us by contacting us through dataprotection@rekki.com if you change your name, residential address or contact details.

We may process your personal data if:

- You or the business / company you work for are a user of our App.
- You or the business / company you work for use our App or the services provided through the App.
- You work for a buyer, a supplier or for someone who uses our services.

3. Information we collect from you or from a third party

We may process your personal data that we have either obtained from you or obtained from somewhere else. Personal data which is not collected directly from you may be collected from information in the public domain, such as search engines, social media and advertising networks among others, but only to be used for the purposes and on the legal basis specified in Annex A.

4. Cookies and other technologies

Our App uses cookies and/or other similar technologies such as device-ID, in-App codes, pixel tags or web beacons to collect and store certain information. These typically involve pieces of information or code that a website transfers to or accesses from your computer hard drive or mobile device to store and sometimes track information about you. Cookies and similar technologies enable you to be remembered when using that computer or device to interact with websites and online services and can be used to manage a range of features and content as well as storing searches and presenting personalised content.

Our App uses cookies and similar technologies to distinguish you from other users of our App. This helps us to provide you with a good experience when you use our App and also allows us to improve our App.

A number of cookies and similar technologies we use last only for the duration of your app session and expire when you exit the App. Others are used to remember you when you return to the App and will last for longer but, in any case, no longer than 13 months.

We use these cookies and other technologies on the basis that they are necessary for the performance of a contract with you, or because using them is in our legitimate interests (where we have considered that these are not overridden by your rights), and, in some cases, where required by law, where you have consented to their use.

We use the following categories of cookies on Rekki.com and any web browser versions of our App:

- **Necessary Cookies:** These cookies are required to ensure you can move around the App and use its features by, for example, remembering your login details.
- **Performance Cookies:** We use these to recognise and count the number of visitors and users and collect anonymised information about how users use the App. Our use of performance cookies includes our use of Google Analytics to help us understand how you arrive at and use the App.
- **Functionality Cookies:** These are used to recognise you when you return to our App. This enables us to personalise our content for you, greet you by name and remember choices you have made such as the country you visit the App from or language. These help us to provide you with an experience more appropriate to your selections and to make the visits more tailored and pleasant.

Please note that third parties (including, for example, providers of external services like web traffic analysis services) may also use cookies, over which we have no control. You should refer to their privacy policies or cookie policies for the relevant information about those cookies.

You can withdraw your consent to these cookies at any time through the following options:

- Google Analytics cookies may be removed by downloading the Google Analytics Opt-out Browser Add-on; and
- any other type of cookies may be removed through your browser settings.

You can block cookies by activating the setting on your browser that allows you to refuse the setting of all or some cookies. All browsers provide tools that allow you to control how you handle cookies by accepting, rejecting or deleting them. These settings are normally accessed via the 'settings', 'preferences' or 'options' menu of the browser you are using, but you could also look for a 'help' function or contact the browser provider. However, if you

use your browser settings to block all cookies (including essential cookies) you may not be able to access all or parts of the App.

5. How we use your information

We are only permitted to use your data when we have a lawful basis to do so.

We will only collect, process, use, store and share your personal data where the Act allows us to do so. Specifically, we rely on the following lawful bases for processing, where specified in the table in Annex A:

- **Performance of a Contract** means processing your data where it is necessary for the performance of a contract to which you are a party or to take steps at your request before entering into such a contract.
- **Comply with a legal obligation** means processing your personal data where it is necessary for compliance with a legal obligation to which we are subject.
- **Legitimate Interest** means the processing is necessary for the purposes of the legitimate interests pursued by us or by a third party, except where such interests are overridden by your interests or fundamental rights and freedoms which require protection of personal data. You can obtain further information about how we assess our legitimate interests against any potential impact on you in respect of specific activities by contacting us through dataprotection@rekki.com.
- **Consent** means processing your personal data where you have signified your agreement by a statement or clear opt-in to processing for a specific purpose. Consent will only be valid if it is a freely given, specific, informed and unambiguous indication of what you want. You can withdraw your consent at any time by contacting us through dataprotection@rekki.com.

You can find out more about the types of lawful basis that we will rely on to process your personal data in the table in Annex A to this Privacy Policy.

Chat and Order Information

We confirm that we will not disclose to third parties that are not part of the chat any orders or chats that take place between users of the App in any way which would allow a user and/or the company they work for to be identified directly or indirectly. This means that no user will be able to see what another user that is not part of the chat orders in a way that would link it directly or indirectly to that user.

We may however collect and distribute aggregated and anonymised information (information relating to our users that we combine together so that it no longer identifies an individual user) about our users and any orders they place through the App. If we choose to do this we will ensure that no individual user or company can be directly identified from that data.

6. Who we give your information to

We will not disclose your personal data to any third party, except as explained in the table in Annex A to this Privacy Policy.

If some or all of our business is bought by a third party, personal data held by us will be transferred and may be disclosed to the prospective seller or buyer of such business under the same conditions as this Privacy Policy. This is necessary for the purposes of the legitimate interests pursued by us and the third party, and would not be overridden by your interests or fundamental rights and freedoms which require protection of personal data.

We may share certain aggregated and anonymised information with:

- other users of the App; and
- our current and prospective business partners.

You cannot be identified from aggregate information used for these purposes.

Other disclosures we may make

We will disclose your personal information to third parties:

- in the event that we sell or buy any business or assets, in which case we will disclose your personal data, if necessary, to the prospective seller or buyer of such business or assets subject to the terms of this privacy policy;
- if REKKI Limited or substantially all of its assets are acquired by a third party, in which case personal data held by it about its customers will be one of the transferred assets; or
- if we are under a duty to disclose or share your personal data in order to comply with any legal obligation, or in order to enforce or apply our supply terms and other agreements with you or the company you work for; or to protect the rights and / or property of REKKI Limited and its group companies (e.g. in the context of litigation), or the rights, property and safety of our customers, or others. This includes exchanging information with other companies and organisations for the purposes of fraud protection and credit risk reduction and to prevent cybercrime.

REKKI does not sell, trade, or rent personal data to any other third parties.

7. Where do we store your information?

The data that we process in relation to you may be transferred to and stored at a destination outside the European Economic Area ("EEA") that may not be subject to equivalent data protection law. It may also be processed by staff situated outside the EEA who work for us or for one of our suppliers.

We may transfer your personal data outside of the EEA:

- in order to process it;
- in order to enable us to provide the services to and fulfil our contract with you or the company your work for;
- where we are legally required to do so; or
- in order to facilitate the operation of our group of businesses, where it is in our legitimate interests and we have concluded these are not overridden by your rights.

The data that we process in relation to you may be transferred to the USA on servers hosted by third party providers providing storage and data processing services. In this context, we use AWS cloud – a secure, private cloud platform. AWS participates in the EU-US Privacy Shield framework.

Where your information is transferred anywhere else outside the EEA, we will take all steps required by the Act to ensure that your data is subject to appropriate safeguards, such as relying on a recognised legal adequacy or other appropriate transfer mechanism, and that it is treated securely and in accordance with this privacy policy as provided by Article 46(2) and (3) of the UK GDPR.

8. How we protect your information

All information you provide to us is processed on our secure servers. Where we have given you (or where you have chosen) a password which enables you to access certain parts of our App, you are responsible for keeping this password confidential. We ask you not to share a password with anyone.

Unfortunately, the transmission of information via the internet is not completely secure. Although we will do our best to protect your personal data by using a level of security appropriate to the risk, we cannot guarantee the security of your data transmitted to our App; any transmission is at your own risk. Once we have received your information, we will use all reasonable endeavours to ensure that appropriate technical and organisational measures are in place to protect your personal data from unauthorised or unlawful processing and against accidental loss, destruction or damage.

Our website may, from time to time, contain links to external sites. We are not responsible for the privacy policies or the content of such sites.

9. How long we keep your information

We retain personal data for as long as you have an account with us in order to meet our contractual obligations to you and for five years after that to identify any issues and resolve any legal proceedings. We may also retain aggregate information beyond this time for research purposes and to help us develop and improve our services. You cannot be identified from aggregate information retained or used for these purposes.

10. Your rights

Under the Act, you have a number of rights. The first right is to receive confirmation as to whether or not any of your personal data is being processed and certain other information, as we have set out in this Privacy Policy.

The table in Annex B at the end of this Privacy Policy also explains the following rights which the Act gives you in relation to your personal data, and any exceptions to those rights:

- to be provided with a copy of your personal data held by us;
- to request the rectification of your personal data held by us, for instance to correct (or update) any personal data about you that is inaccurate (or out of date) or incomplete;
- to request that we restrict the processing of your personal data in certain circumstances (while we verify or investigate your concerns with this information, for example);
- to object to the further processing of your personal data, including the right to object to marketing;
- to request the erasure of your personal data held by us (e.g., if the personal data are no longer required in connection with the contractual relationship, or if you withdraw your consent, where applicable); to request that your provided personal data be moved to a third party or, where processing is automated and is necessary for the performance of a contract, to receive personal data, which you have provided to us, in a structured, commonly used and machine readable format.

You may opt out at any time from allowing further access by us to your location data by changing the privacy settings on your device or by emailing us at dataprotection@rekki.com.

If you are using the mobile phone version of the App, you can also stop all information collection by un-installing the App. You may use the standard un-install processes as may be available for your mobile device.

If you would like us to delete your account, please use the “Delete Account” function in the app. On receiving such a request, we will delete or anonymise your personal data so that it no longer identifies you. To protect information from accidental or malicious destruction, we may maintain residual copies for a brief time period (generally several weeks). But, if you delete your account, your information and content will be unrecoverable after that time.

Your right to withdraw consent:

Where the processing of your personal information by us is based on consent, you have the right to withdraw that consent without detriment at any time by contacting us.

How to exercise your rights

You can also exercise the rights listed above at any time by contacting us at dataprotection@rekki.com.
